ICPerMed

The International Consortium for Personalised Medicine: Platform for research, funding and implementation strategies
About ICPerMed

Since 2016, ICPerMed brings together European, regional and international partners, representing ministries, funding agencies and the European Commission (EC). The current 49 members work together to:

• Support the personalised medicine science base through a coordinated research approach.
• Support research to investigate the benefits of personalised medicine to citizens and healthcare systems.
• Pave the way for personalised medicine approaches for citizens.

ICPerMed is

• supported by the ICPerMed Secretariat, a Coordination and Support Action (CSA) financed under Horizon 2020*.
• cooperating with the so-called “ICPerMed family” which are comprised of EC funded CSAs addressing Personalised Medicine related topics.
• actively supporting the establishment of a European Partnership for Personalised Medicine (EP PerMed) under the EU’s framework programme Horizon Europe.

*The ICPerMed Secretariat is financed by the European Commission under Grant Agreement no. 731366 and no. 964197

Personalised Medicine is a medical model using characterisation of individuals’ phenotypes and genotypes (e.g. molecular profiling, medical imaging and lifestyle data) for tailoring the right health strategy.

Adapted according to: Horizon 2020 and European Council Conclusions on personalised medicine for patients (2015/C 421/03)
ICPerMed Activities

Internal networking and communication
ICPerMed members exchange about ongoing activities and recent trends in personalised medicine and perform joint activities in working groups and meetings.

Conferences
ICPerMed organises biennial conferences that give a broad overview of current topics in personalised medicine research and implementation.

Workshops
Thematic workshops provide the opportunity for discussion and interaction with leading experts and stakeholders in all areas.

Publications

Best Practice examples and annual Recognition
ICPerMed continually identifies Best Practice examples in personalised medicine research & implementation. These projects are highlighted on the ICPerMed website or invited to events in the context of the ICPerMed best practice recognition.
ICPerMed Services

Newsletter

Register now for the quarterly ICPerMed newsletter to receive up-to-date information about the latest developments in ICPerMed and the ICPerMed family.

Mapping Database

The ICPerMed database on funding activities gives an overview on relevant (funding) activities in ICPerMed member states.

Partnering Tool

The ICPerMed Partnering Tool offers a search for research partners and to present your expertise to the personalised medicine research community.

Become an ICPerMed member

Public and private ‘not-for-profit’ health research funding and policy organisations from all over the world are welcome to join ICPerMed as members.

icpermed@dlr.de

Join the Stakeholder Forum

Other organisations and initiatives are invited to join the ICPerMed Stakeholder Forum. Anyone who is interested in personalised medicine and the work of ICPerMed can register for the ICPerMed Stakeholder Forum.

Members of ICPeRMed
